**ENGINEERING COATINGS THAT MOVE INDIA'S RAILWAYS FORWARD
— SAFELY, EFFICIENTLY, AND SUSTAINABLY.**

PROTECTION • PREVENTION • DECORATION

**Paints For a
Lasting finish**

**Complete Coating Solutions
for Indian Railways**

Coaches • Wagons • Locomotives • Bogies • Shells • Flooring

END-TO-END RAILWAY COATING SYSTEMS

FROM SHELL PAINTING TO BOGIES, FLOORING & THERMAL PROTECTION

Designed for **Indian Railways** manufacturing, maintenance & modernization programs — including **Vande Bharat** and **Metro Rail Coaches**.

WHO WE ARE

Anupam Enterprises (Anupam Paints) is a **50+ year old Indian coatings manufacturer** delivering **high-performance, rail-approved coating systems** for rolling stock manufacturers, ancillary units, depots, and infrastructure contractors associated with Indian Railways.

We are an **ICF Approved Source**, supplying coating systems aligned with railway specifications and manufacturing requirements.

We support **both SUPPLY-ONLY and APPLY-AND-SUPPLY models**, ensuring flexibility for OEMs, ancillary manufacturers, Metro Rail Corporations, and EPC contractors.

WHAT MAKES US RELEVANT TO RAILWAY MANUFACTURING

Railway rolling stock — including **Vande Bharat high-speed coaches** and **urban Metro trains** — operates under extreme conditions:

- High corrosion exposure across climates
- Continuous vibration & mechanical stress
- Stringent **fire & smoke safety norms**
- Thermal discomfort in passenger coaches
- Heavy footfall & chemical exposure in toilets and service areas

Our coating systems are **engineered specifically for these operational realities**.

CORE SERVICE MODELS

1) SUPPLY ONLY

- Consistent batch-to-batch quality
- Complete **TDS / MSDS / application SOP**
- Suitable for **in-house paint shops, CED lines & spray booths**

2) APPLY & SUPPLY (TURNKEY)

- Trained & experienced applicator teams
- On-site supervision & QA/QC
- Surface preparation, coating application, inspection & documentation

RAILWAY APPLICATIONS WE COVER

- Coach body shells (interior & exterior)
- **Vande Bharat coach structures & bogies**
- **Metro rail coach interiors & exteriors**
- Bogie frames & underframes
- Wagons & freight rolling stock
- Locomotive structures & auxiliaries
- Coach toilets & wet areas
- Roofs & body panels (thermal control)

WHY ANUPAM PAINTS FOR RAILWAYS

- **ICF Approved Source**
- 50+ years of coatings manufacturing expertise
- Proven experience across **coaches, wagons, locomotives, Vande Bharat & Metro systems**

- In-house R&D & custom formulation capability
- Fire-safe & high-performance coating systems
- **Apply & Supply capability under one roof**
- **10–15% cost advantage over large**
- **national brands without compromising** performance or compliance

1. COACH BODY & SHELL PAINTING SYSTEMS

Applications:

- Stainless steel / CRF shells
- Interior panels, partitions & ceilings
- Exterior coach bodies (including Vande Bharat & Metro coaches)

Coating Systems Offered:

- Epoxy anti-corrosive primers and Etch Primers
- Epoxy intermediate coats for barrier protection
- PU topcoats for durability, gloss retention & cleanability
- Low-VOC interior coatings for passenger safety

Key Benefits:

- Excellent adhesion on fabricated shells
- Long corrosion life
- Smooth, uniform finish for high-visibility passenger areas

2. BOGIE FRAMES & UNDERFRAME COATINGS

Critical area for corrosion, impact & fatigue

SPECIALISED SYSTEMS:

Epoxy Elastified Topcoats:

- Absorbs vibration & mechanical shock
- Reduces micro-cracking under dynamic loads

High-Performance Epoxy Anti-Corrosive Coatings:

- High DFT systems
- Excellent salt spray & humidity resistance

Fluoropolymer Topcoats:

(For premium rolling stock such as Vande Bharat bogies & select Metro applications)

- Superior UV & chemical resistance
- Long-term colour & gloss retention
- Reduced maintenance cycles

3. WAGON & FREIGHT ROLLING STOCK COATINGS

Applications:

- Open wagons, box wagons, hoppers & containers

Systems Provided:

- Heavy-duty epoxy primers
- High-build epoxy / PU topcoats
- Abrasion-resistant finishes

Designed for:

- Coal, cement, minerals & fertilizers
- Harsh outdoor exposure & rough loading conditions

4. FIRE & SMOKE SAFE COATINGS

Safety-critical compliance

Our coating systems are certified / designed to comply with:
EN 45545 – Fire Protection of Railway Vehicles

Performance Focus:

- Low flame spread
- Low smoke density
- Low toxicity

Applicable for Vande Bharat coaches, Metro rail coaches, interiors, underframes, panels & equipment

5. EPOXY FLOORING SYSTEMS FOR RAILWAY COACHES & DEPOTS

Key Areas:

- Coach toilets (Vande Bharat & Metro)
- Pantry areas
- Maintenance depots & workshops

Flooring Systems:

- Epoxy floor primers
- High-build epoxy floor coatings
- Anti-skid & chemical-resistant systems

Advantages:

- Seamless & hygienic
- Water & chemical resistant
- Easy to clean & maintain
- Long service life under heavy footfall

6. HEAT REFLECTIVE & THERMAL BARRIER COATINGS

For Passenger Comfort & Energy Efficiency

Application:

- Coach roofs & body panels
- Particularly effective for Vande Bharat and non-AC / Metro coaches

Performance Benefits:

- Reflects solar radiation
- Reduces internal temperature build-up
- Improves passenger comfort
- Helps lower HVAC load & energy consumption

7. REPAIR, TOUCH-UP & MAINTENANCE COATINGS

Designed for manufacturing shops & depots:

- Weld touch-ups
- Handling damage repairs
- Fast-dry maintenance coatings

Ensures uniform protection without disrupting production flow.
